

## In times like these we all know every dollar counts!!

That's why Quality Tools & Services, Inc. and Komet USA are happy to announce the 2009 drill swap out promotion. With this promotion you will be able to swap any new, used or abused indexable drill for any new Komet KUB<sup>®</sup> Quatron or KUB<sup>®</sup> Trigon indexable drill by simply purchasing 30 appropriately sized inserts per drill. This promotion is not limited to size for size swaps meaning if you have 1" drill that you would like to swap for a 3" drill we can do it!! For more information on this exciting promotion please contact your QTS sales representative local QTS branch office.

### In times like these...Don't settle for less Reach Your Full Potential

#### KUB<sup>®</sup> Quatron

- Reduce tooling costs
- Excellent chip evacuation
- Same inside and outside inserts

#### KUB<sup>®</sup> Trigon

- Drill to finish size
- Excellent surface finish
- Tighter drilled hole tolerance

Send us **ANY** competitors indexable drill and receive  
a **NEW** Quatron or Trigon Indexable Drill

**FREE!**

A minimum purchase of 30 appropriately sized inserts per drill is necessary to qualify for this program.
